

# **USDA Forest Service Christmas Tree Cutting Areas**

**Ketchikan-Misty Fiords Ranger District  
November 24 through December 24, 2016**

The USDA Forest Service has identified three areas on Revilla Island, in the Ketchikan-Misty Fiords Ranger District, for family Christmas tree cutting in 2016. The areas are located adjacent to the Brown Mountain and Harriet Hunt Lake Roads north of Ketchikan and the Lower Silvis Lake area south of Ketchikan. Signs and ribbon will aid identification of the cutting areas. No permit is required for cutting family Christmas trees.

Family Christmas trees must be harvested from National Forest lands and not from adjacent private property. Cutting Christmas Trees on National Forest lands for commercial resale is prohibited without a permit.

Additional information and maps are available at the Ketchikan-Misty Fiords Ranger District office located at 3031 Tongass Avenue, or you may call 225-2148 for more information. Please be safe in the forest, and have a happy holiday season.
